Counting Teacher/Staff FTE Employees

EES offers the convenience of licensing products based on the number of teacher/staff (FTE) employees in the organization

The formula below outlines how to determine the number of faculty/staff FTE employees in your organization:

Desktop Platform Products

- Windows Upgrade
- Office
- Windows Server Client Access License (CAL)

- Above desktop platform products (DPPs) must be licensed organization-wide based on FTE employee count.

Additional Software Products

A broad selection of software and services are available as additional products and may be licensed by individual licenses in any quantity.

Qualifying Products Include:

Desktop Applications

Client Access Licenses (CALs)

Server Products

Microsoft IT Academy

EES Benefits

Easy Compliance

Count your employees once per year and you're fully covered for all on-premises platform products licensed.

Customized Solutions

Add additional products, either institution-wide, departmental-wide, or for individual devices at any time

Simplified Asset Management

Easily track and manage your software assets with self-service online tools such as Microsoft Volume Licensing Service Center (VLSC)

Low Administration

Subscription licensing eliminates the need to track your licenses for the selected desktop platform products on every PC.

Lower Total Cost of Ownership (TCO)

Maximize the value of your investment with access to current technology, Work at Home (WAH) rights, student licensing, evaluation rights, Software Assurance, and more

Additional Benefits Included with EES

Stretch your budget with valuable benefits

Cloud Services

Free* access to Office 365 Education E1 Plan

* No license fee; doesn't include deployment or support costs associated with the service.

Office 365 Pro Plus Benefit*

Students, teachers and staff get the same application experiences as Office Professional Plus installed locally on up to 5 PCs + 5 Tablets.

NEW

Work at Home Rights

Permit teachers and staff to use application, system, and CAL products on a personally owned computer for work-related purposes.
